

## **The 11th Fungal Plant Pathogen Workshop (FPPW 11)**

1. Date and time: 20th April, 2010, **16:30 - 20:00** pm
2. Venue: Kyoto TERRSA Shinmachi Kujō Minami-ku, Kyoto, Japan (Kyoto Citizen's Amenity Plaza; Tel. 075-692-3400); 15 minutes walk from Kyoto Station
3. Registration: at the Workshop Venue
4. Program:

### **“On Procedure for Establishing a New Species of Plant Pathogenic Fungi”**

- 1) Basic rules for establishing a new species according to the ICBN  
K Tanaka (Faculty of Agriculture and Life Science, Hirosaki University)
  - 2) The way how to prepare the new species description  
C. Nakashima (Graduate school of Bioresources, Mie University)
  - 3) Preparation of type specimens and meaning of their preservation  
S. Uematsu (Chiba Prefectural Agriculture and Forestry Research Center)
  - 4) Living cultures, as alternative basis for new species recognition and their re-combination.  
T. Sato (National Institute of Agrobiological Sciences)
  - 5) Methods to prepare photos and illustration of fungal morphology, additional data to be attached to the new species description  
T. Aoki (National Institute of Agrobiological Sciences)
5. Admission fee: ¥1,000 (including the abstract for the FPPW 11).

Coordinator: Takayuki Aoki (National Institute of Agrobiological Sciences)
